"One Last Time"

cast me into darkness and rob me of all prosperity
turn myself against myself
try and recreate me
are you obsessed with possession or possessed by
obsession
drained absolute, still I bleed
screaming silent, still I bleed
take me for what I'm worth and let me disintegrate
in your arms, one last time
let me die where I always wanted to die
so I break this glass with such intent with hopes
to erase all I never wanted to forget

bleed me inside out with your eyes
as I walk through your lies one last time (bleed me)
you're gonna need more to destroy
