[Tame One]

Yeah (uh) yeah (uh)  
Formaldehyde sammiches  
Northface geoses (ah)  
South Orange Avenue producers (uh)  
East Coast is the loosest  
West District is ruthless (Boom Skwad nikka!)  
We leave you toothless  
Eastern Conference All Stars (MFC)  
Ghetto stars

(Like this . . .)

The hip hop Anthony Perkins  
Constantly murkin'  
For certain  
Excuse me  
Y'all say fo' sheezy  
Dawgs like me be like "WE WANT EAZY!"  
Tame One be talkin' greasay  
This be Tame and D Day  
Burnin' more redlines than eight major freeways  
(vrooom)  
My motto is fuck you, don't follow!  
Stunts who won't swallow'll get stunt tomorrow  
Oh well, I still can't tell  
You actin' beat bitch, beat it  
No secret, I'll murk you half weeded  
My bars are like Xanaxes  
Broken down the force that bring down yours  
Encyclopedia Brown kick it in Co . .

[Copywrite]

In this most aggressive art form none a y'all bastards  
want it  
'Cause I don't paint on the canvas, I slam rappers on it  
Laughin' at clowns with they demos, passin' 'em out  
Pass it to me, get it tossed to the trash with a smile  
Bad Boy with a long barrel that's all narrow  
Shyne behind bars like Jamal Barrow  
You got a cast iron stomach  
Let's see how strong it is when I cock this and blast iron

from it  
You flow sick but too slow spittin' your coldest  
I'll come up with a cure before any symptoms are  
noticed  
You tryin' to shit on me, it's a dream  
I got a weigh with words like alphabet soup on a triple  
beam

[J-Zone]

You want a free verse, your label was a joke from the  
start  
You want a free beat, then put a stethoscope to your  
heart  
You want free dick, then baby go back to your ex  
You want free advice, chump shave the back a ya neck  
I use threats over money so DJ's don't play my jams  
Internet b-boys wanna know what race I am  
Black, white, or Spanish, you figure it out  
Learn how to rhyme off mine and take my dick out your  
mouth  
It's about to get ill in here so stop staring bitch  
Old Maid Billionaire, Christina Aguilera's pimp  
UPS is hirin' so pause the trap  
'Cause my old gym teacher ain't supposed to rap

[Cage]

I went to my grandmother's funeral fucked up in rush  
Stood over that bitch, smelled embalming fluid feindin'  
for dust  
My baby's momma taught my daughter to ask for  
paper  
Told her Disney World blew up so I didn't had to take  
her  
My engineer is a dominatrix tryin' to master me  
My out of body experiences got dead cops after me  
How my anti-pop records get played on tv  
The explanation is the same as why you hate on EC  
So don't be alarmed when you see and my soundman  
holdin' a firearm stompin'  
some bitches for a skit I'm on  
If my ex try to come to a show to dumb out  
I'll make the crowd beat the shit out of her before I  
come out

[Mr. Eon]

It's Julius Irving with word fling  
Mics inverting, fuck all you stupid Earthlings  
Y'all couldn't shed light if y'all were the Sun  
Wipe the cum off her head and take a load off her  
mind  
One time could never invade my paradigm

From propaganda pamphlets to the asinine  
Joust with mic stands, jump over Technics  
My soul got caught up in mom's ovaries  
No angel on my shoulder, just two devils  
Feedin' chemicals pushin' blood past legal levels  
It's the accomplice who's too obnoxious to accomplish  
Leavin' you rookie fucks astonished

[Skillz]

Yo, it's the G-h-o-the-s-t-writer  
Conversin' with me, shit, it's like talkin' to fire  
If you touch it it burns and y'all don't wanna do that  
You can talk to it all day and it won't talk back  
I still battle niggaz, so scrap ya plans  
I ain't got to be in promotions to wrap your van  
Cats two-way me all day to deliver a hit  
But I ain't writin' shit down till they deliver some chips  
If B.I.G. was here, he'd say I was "Dead Wrong"  
'Cause I don't get on the radio and say verses that I  
said in the song  
It's Madd Skillz muh'fucka, the VA Don  
EC MC aka Shaquan
