somebody should tell you
to appreciate
so easy enduring
so why am i this way
let me shut out!
what i hate out!
and its so easy to explain
i guess you know about!
what i think about!
so you're the perfect pain

when god pulls his gun out
its not running out
he left something out
the heads breathing
teething, ripping out
our final page
a final action satisfaction
pleasure through pain
so listen, to the way the
the echoes reign

you wanna see the lie
on the peoples minds
and his choices look out!
when its only regrets time
facing wives
tasting lives
you better run!

when god pulls his gun out
its not running out
he left something out
the heads breathing
teething, ripping out
our final page
a final action satisfaction
pleasure through pain
so listen, to the way the
the echoes reign

in just one moment of a hand
a motion created to withstand problems
can create a world spinning to fast
leaving us with the constriction of our stomach's
natural born pattern

whose got the gun now?

RUN!!!
WHOSE, GOT THE GUN NOW???
NOW!!
WHOSE GOT THE GUN NOW???
WHOSE GOT THE GUN NOW???
WHOSE GOT THE GUN NOW???
RUN AWAY!
HE'S GONNA PULL THE
RUN AWAY!
HE'S GONNA PULL THE
RUN AWAY!
HE'S GONNA PULL THE
