[Chorus:]

I'm having a private party
Ain't no body here but me, my angels, and my guitar,
singin' baby look how far we've come here
I'm havin' a private party
Learning how to love me
Celebrating the woman I've become, yeah

I tried to call my mother, but
She didn't get where I was going
I called my boyfriend and he said
Call me back a little later baby
I hung up the phone, I felt so alone
Started to feel a little pity
That's when I realized that I
Gotta find the joy inside of me

[Chorus]

I'm gonna take off all my clothes
Look at myself in the mirror
We're gonna have a conversation
We're gonna heal the disconnection
I don't remember when it started
But this is where it's gonna end
My body is beautiful and sacred
And I'm gonna celebrate it

[Chorus]

All my life (all my life)
I've been looking for (I've been looking for)
Somebody else (else)
To make me whole (ooo)
But I had to learn the hard way (ooo)
True love began with me (ooo)
This is not ego or vanity (ooo)
I'm just celebrating me

[Chorus]

Sometimes I'm alone but never lonely
That's what I've come to realize
I've learned to love the quiet moments
The Sunday mornings of life
Where I can reach deep down inside
Or out into the universe
I can laugh until I cry
Or I can cry away the hurt

[Chorus]

Happy birthday to me
Happy birthday to me
Happy birthday
Happy birthday to me
Happy birthday to me
Happy birthday

[Chorus] x 2
