I told him my biggest secret  
And he told me four  
He smiled at me and said  
That makes me love you more

And then he made me laugh  
And I knew it was a sign  
That he was a man  
That I wanted in my life

And with every passing day  
I feel more and more of that way

He heals me, he knows the real me  
And he accepts me, he never hurts me  
He heals me, he knows the real me  
And he accepts me, he never hurts me  
He heals me, he heals me

I can play him songs all through the night  
And he will listen to every line  
And even when I'm wrong, he is still kind  
He chooses his words wisely  
When he tells me I'm not right

And yes, he is a beautiful man  
But he is also a beautiful friend

He heals me, he knows the real me  
And he accepts me, he never hurts me, no  
He heals me, he knows the real me  
And he accepts me, he never hurts me  
He heals me, he heals me

The moment that we met, he made me smile  
He has so much compassion in his eyes  
I have no idea, how long he'll be here  
A season or a lifetime, forever or a year

But for the first time in my life  
I'm not worried about the future  
Because we have such

A wonderful time when we're together

However things turn out, it's all right  
'Cause he's already changed my life

He heals me, he knows the real me  
And he accepts me, he never hurts me  
He heals me, he knows the real me  
And he accepts me, he never hurts me

He heals me, he knows the real me  
And he accepts me, he never hurts me  
He heals me, he heals me  
He never hurts me, he heals me
