Now that you're right here
Let me whisper in your ear
Now that you're listening
Let me tell you how I feel
I've been trying to formulate
The perfect words the perfect way
I can't hold it back no more
I gotta let you know today
It's

Simple
What more can I say?
So simple
I love you
What more can I say?
Simple
What more can I say?
So simple
I love you
What more can I say?

Now that you're listening
Let me tell you what I need
Now that you're holding me
Let me show you what I mean
I've been trying to analyze
Just what it is I feel inside my heart
But now I realize it don't have to be so hard
'Cause

Simple
What more can I say?
So simple
I love you
What more can I say?
Simple
What more can I say?
So simple
I love you
What more can I say?

Awesome power is for real

I'm gonna say it
Again and again and again
I love you
I love you
I love you
I love you
I love you
Love you

Now you know how I feel
Tell me what are you gonna do?
Now that I've said the words
Tell me what do you have to lose
I know that you feel it to
I can see it when I look into your eyes
You're scared, but you don't have to be
It's alright 'cause it's

Simple
What more can I say?
So simple
I love you
What more can I say?
Simple
What more can I say?
So simple
I love you
What more can I say?
