I got this feeling that I need to express  
Laying it out so you don't have to guess  
I'm making myself vulnerable  
But you keep holding back, so scared to let go  
If you're looking for love I think I could be the one, the  
one, the one

Tell me why you wanna be so cruel  
Acting like you don't feel the way that you do  
We've got the strongest compatibility  
I just wanna explore the possibilities  
But if you only wanna play games with me, I ain't the  
one, the one, the one

I ain't got a husband you ain't got a wife  
We two grown folks, let's spend some time together  
Get to know me better, maybe share some laughter  
It just might turn into happily ever after  
You never know I just might be the one, the one, the  
one

I just might be that special girl  
The one that God made especially for you  
I just might be that special girl  
The one to make you happy  
I just wanna make you happy  
One day we might hook up to find that we were, you  
and me, oh

La la la la la la la la  
La la la la  
La la la la la la la la

I know it might sound strange to you  
And I'm telling you this because the feeling is true,  
yeah  
Yeah yeah, yeah  
I got a feeling that you might just be the one, the one,  
the one  
Yeah, yeah, yeah

La la la la la la la la la la

Ah ooh oh ah oh
