Ohh yea
(Ohh yea)
Mmm, mmm, mmm

Every day that you pass my way
(My way)
I wonder, I wonder about your life
What is your age, how you connected?
If so, does she treat you right?
(Right)
Now please, excuse me for being so forward
But I couldn't let this chance go by
(Chance go by)
Without lettin' you know I
(Lettin' you know I)

I wonder, I wonder if you really knew
That I see God in you
And I wonder if you can see
How much you mean to me
I know you cannot read my mind
(My mind)
But I hope you feel the vibe
(Vibe)
I think it's time I let you know that
I see the God in you
Ho yea
(Ho yea)
Ho yea

Every time that I see your face
I wonder, wha' lies beneath your smile
What are your dreams, what are your fears?
What does your heart hold, dear?
An' know, that you don't know me at all
But if you know yourself
Well then, you know me baby, well
(Know me, well)

I wonder, I wonder if you really knew
That I see God in you
(God)

And I wonder if you can see
How much you mean to me
I know you cannot read my mind
(My mind)
But I hope you feel the vibe
(Vibe)
I think it's time I let you know that
I see the God in you
Ho yea, eee
(Ho yea, eee)

Yea I wonder, I wonder if you really knew
That I see God in you
(God in you)
And I wonder if you can see
How much you mean to me
(Mean)
I know you cannot read my mind
(My mind)
But I know you feel the vibe
(Vibe)
I think it's time I let you know that
I see the God in you
Oh yea eee
Oh yea
