Just for today, I will not worry what tomorrow may bring,
no.
I'm going to try something new
Walk through this day like I got nothing to prove yeah
yeah.

Although, I have the best intentions
Can't predict anyone's reactions
So I just do my best.
I put one foot in front of the other
And keep on moving forward
And let God do the rest.

I don't know what's going to happen that's alright with
me
I open up my arms and I embrace the mystery.
I don't know what's going to happen that's alright with
me
I open up my arms and I embrace the mystery.

I don't know what's going to happen that's alright with
me
I open up my arms and I embrace the mystery.
I don't know what's going to happen that's alright with
me
I open up my arms and I embrace the mystery.

Just for today I'm telling the truth like it's going outta
style
I'm going to swallow my pride, and be who I am
And I don't care who don't like it.
I feel fear but I do it anyway
I won't let it stand in the way, I know what I must do.
There's no guarantee that it'll be easy,
But I know it'll be fulling and it's time for me to sure
improve.

Its ok not to know
Exploration is how we grow
Its ok to not have the answer
Cos sometimes its the question that matters

I don't know what's going to happen that's alright with
me
I open up my arms and I embrace the mystery.
I don't know what's going to happen that's alright with
me
I open up my arms and I embrace the mystery.

I don't know what's going to happen that's alright with
me
I open up my arms and I embrace the mystery.
I don't know what's going to happen that's alright with
me
I open up my arms and I embrace the mystery.
