Goodbye summer  
I hate to see you go;  
I wasn't ready for the Autumn wind to blow.

So lonely.

We had a fine time time holding hands in June.  
Warm in the sunshine; watching loving bloom.

Where are you now?

My heart is frozen in this place.  
Waiting for another summer's day;  
to bring you back my way.

Hello winter watch the swirling snow.  
I didn't have a blanket for the cold.

So lonely now.

My heart is frozen in this place.  
Waiting for another summer's day;  
to bring you back my way.

I'd be waiting under the pappa tree.  
Anticipating, when you come back me in the spring.

Hello summer  
a kiss from my old friend.  
Been such a long time; tell me how you've been.

So lonely now

My heart is frozen in this place.  
Waiting for another summers day;  
to bring you back my way.

Hello summer  
I hate to see you go.
