### "Friend Till The End"

I know that you get tired of traveling this lonesome  
road alone  
You try with all you might to do right, but it seems like  
it's gone wrong  
Don't lose heart, I've been with you from the start

If you're tired and weak  
I will help you stand  
If you'll trust in Me  
I will be your friend till the end

Seems like there's always something or someone to  
make you stumble on your way  
But don't look down look up to the dark until you see  
the light of day  
Have no fear (follow Me and have no fear)  
I will always be right here  
Ooh, let Me hear you call (won't you let Me hear you  
call)  
Ooh, I won't let you fall
