[Verse 1]

One night while along life's raging sea
It looked as if I would suffer defeat
The blackness of night closed off the light
My heart sank with fear
My desperate cry rang out with fright
All I could see was no hope in sight
With faith all but gone I met the one
Who came looking for me

[Chorus]

He came looking for me
He came looking for me
He made a way
When there was no way
That I could see
When I drifted far
Jesus was near
To rescue my soul and calm all my fears
Now I'm safe from all harm
Since I've met the one
Who came looking for me

[Verse 2]

Old Satan had already picked out my grace
His plan had moved forward to put me away
I'd drifted so far would anyone care that I'd soon be
lost
I knew my destruction was a matter of time
Jesus appeared and said this one is mine
Now I'm safe from all harm
Cause He walked through the storm
He came looking for me
