Hold On

[Chorus]

In these changing times, don't let the world change  
your mind  
In these changing times, don't you let 'em change  
your mind

[Verse 1]

People will try to tell you, that living holy won't pay  
But don't you give up your stand for the truth, and  
turn to an evil way  
They'll have you spellbound  
Turn you 'round, and 'round, and 'round, and  
'round  
Till they turn you out

[Verse 2]

They'll try to hypnotize you, with a doctrine that just  
ain't right  
But by the time you've found out the truth, you've  
been hooked on a lie  
Don't let the in-crowd pull you down, and down, and  
down, and down  
Till you can't get out

[Bridge]

They'll have you hypnotized, mesmerized, paralyzed,  
hold on  
Ooh
