[Verse 1]

Here we are we're gathered here right now We're
assembled in one accord
The Spirit's movin' and He's ready to bless Liberty is
knocking at our door

But some of you are still holdin' back some are weary
and heavy laden
But God is still here knocking at your door So, go
ahead and let Him in

[Chorus]

Right now Someone needs a blessing You've been
waiting much too long,
Too long Right now God is here among us somebody
call out His name Jesus

[Verse 2]

When I consider all the things that He's made And how
the heavens He formed

How He died for me, to give me life And how I'm not a
slave to sin anymore
How can I just sit right here, knowing all of these things
So, I'm gonna clap my hands and do my dance And let
God have His way

[Chorus] 2x

[Tag] 4x

Somebody ought to Praise Him
We've got a right to Lift Him up
