All the girls with anorexia are on the street tonight
And the boys in the band think they look just fine
And I don't even know why I drove this car down
congress avenue
Hoping to find you turning on the light

Well you seem like a girl with the world on your side
But it's just a point of view
And you know how quickly that could change too
See I heard you were free or someone thinks you
should be
And I know just how that feels
I thought maybe we could just talk for a while

Cause baby I got something to stand for
I got somewhere we could go home

I just need someone to stand with
See it ain't no good this feeling alone

When you said that you'd go down to mexico
Well I think that I might go there too
But it's probably too late to find someone like you
Yeah it sounds really cool to be without a care in some
southern town
But I heard there's trouble down there if you're chiapas
bound

Yeah it sounds really cool to be without a care in some
southern town
But I heard there's trouble down there if you're chiapas
bound
