She's got a case against me
A jury of my peers
And the rage of the righteous
Screamin' in her ears
I'm not dignified anymore
I can't say I didn't call
I say, "I love you"
She don't hear me anymore

And don't give that girl a gun
I said now don't give that girl a gun
She's already won
She's already won

I made a bad connection
She says, "I was astray"
I jumped ship, abandoned my post
I didn't think I lost my way
But oh, how the mighty fall
I saw her crack a smile
I don't got a chance for redemption
She don't believe in the miracle mile

So take the first shot baby, it'll be real clean
I'm your girl, strong and mean
Second shot baby, it'll be real cool
I'm your fool

I said now don't give that girl a gun
I said now don't give that girl a gun
(Give that girl a gun)
She's already won
She's already won

Yeah
I said "Hold me closer
'Cause somethin's happenin'
Why can't we come together?"
She said, "I doubt we ever will
Ever will get ourself down"
Give that girl a gun

I said now don't give that girl a gun
She's already won
She's already won

I said now don't give that girl a gun
I said now don't give that girl a gun
(Give that girl a gun)
Already won
She's already won

Yeah
(Give that girl a gun)
Yeah
(Give that girl a gun)
Yeah, hey
Give the first shot baby, it'll be real clean
I'm your girl, strong and mean
Second shot baby, it'll be real cool
I'm your fool
I'm your fool
I'm your fool
Give that girl a gun
Yeah hey
Yeah hey
Yeah hey
