I've taken, so many down  
I've helped them all to dismount  
I've followed, so many down  
I take their hand me downs

All with hope, all with hope  
That emptiness brings fullness  
And loss of love brings wholeness  
All with hope, all with hope  
That emptiness brings fullness  
And loss of love brings wholeness  
To us all

Everything that I believe  
Crawls from underneath the streets  
Everything I truly love  
Comes from somewhere far above  
Everything that I believe  
Is wrong with you is wrong with me  
Everything I truly love  
(Everything I truly love)  
I love in you and I love in me  
(I love in you and I love in me)

So give me hope, give me hope  
That emptiness brings fullness  
And loss of love brings wholeness  
To us all

Swear you can't swim the river  
(Become the beggar now)  
(Become the saint somehow)  
I saw you runnin' to jump in  
(Become the beggar now)  
(Become the saint somehow)  
I swore, I'd never be your sinner  
(Become the beggar now)  
(Become the saint somehow)  
Til' I held your sin  
Hand me downs

Now you ask me, why I'm here?

(Now you ask me, why I'm here?)  
The same as you, I'm scared, it's fear  
I've become the beggar now  
And you've become the saint somehow  
Twist the words and place the blame  
(Twist the words and place the blame)  
And tell me now aren't we the same  
Trippin' in our yellow feet  
(Trippin' in our yellow feet)  
Checking underneath our sheets

For some hope, give me hope  
That emptiness brings fullness  
And loss of love brings wholeness  
Give me hope, give me hope  
That emptiness brings fullness  
And loss of love brings wholeness  
To us all
