Hey kind friend
I don't know when I'll see you again
On a ferry boat bound to Victoria
Layin' down to hide from the wind

Big dipper hangin' over the city
You know everything now is different for me
And it ain't no use in
Explainin' the scenery

I said, "Kind friend
Help me forget where I been
Kind friend
Remember who I am"

I was too late in Spokane
So I caught a ride through the cascade range
I saw the sun die in Olympia
Runnin' down on Capital lake

Now I ask you for some relief
It's one true root that you bring to me
It's 3 a.m.
And it's good company

I said, "Hey kind friend
Help me forget where I been
Hey kind friend
Help me remember who I am"

Hey kind friend
Don't know if I'm gonna see you again
It's okay friend
It's okay friend
(it's so hard when they all have to face goin' away)

So I'll meet you in New Orleans or I'll see you around
'Cause I don't know if it's worth comin' down
Hey I'm callin' you
From a gold rush town

And I say, "Hey kind friend

Help me forget where I've been
Hey kind friend
Help me remember who I am"

Hey kind friend
I don't know if I'm gonna see you again
It's okay friend
I'm okay friend

I said, "I'm okay friend
I'm okay friend"
(See you later)
