Emily:

I walked into my favorite place one night  
I'd just gotten back from a lecture  
And I was feeling kind of uptight  
And at the edge of the bar there was this guy  
And you know I wasn't really looking  
But I caught him out of the corner of my eye  
The next thing I know he was moving my way  
I thought he wanted to talk  
But this is what he had to say

Amy:

I don't know your name babe  
But I want to be your lover  
Ya'll sing it with me  
I don't know your name babe  
But I want to be your lover  
Your lover your lover your lover  
One time or another baby  
I want to be your lover

Emily:

I have to admit I was a little bit surprised  
But I wasn't really scared 'cause I was twice his size  
So I said to myself, "okay, I'll play his game"  
And when he turned to me  
I gave him my name

Amy:

I know your name babe  
But I got to know your number  
I know your name babe  
But I got to know your number your number  
I said one time or another baby  
I'm gonna be your lover  
Yeah I wanna be your lover

Emily:

Well I said to myself "this guy is persistent  
He's a little bit dumb but at least he's consistent"  
I tried to talk cool but when we touched I went under  
I made a quick decision and I gave him my number

Amy:  
I know your number

But I don't know what to say babe

Emily:  
That's ok

Amy:  
I know your number  
Your number babe  
But I don't know what to say to you  
Say to you say to you say to you darling  
Oh it don't matter anyway no  
I don't talk when I'm make love to you babe  
I don't talk when I make love  
I wanna be you lover  
I wanna be you lover  
Lover lover  
Lover lover  
Lover lover

Emily:  
Well you probably won't believe this  
But we got married one day  
And I still don't know if he speaks english  
'cause he doesn't have much to say  
It's a damn good thing I like lying around  
We don't make much conversation  
But love makes sounds  
You know what I'm talking about  
Ya'll know what I'm talking about  
Well one thing I've learned from being in this state

Emily and amy:  
There are other ways to communicate

Amy:  
I don't know your name babe  
But I want to be your lover  
Don't know your name babe  
But I want to be your lover  
Your lover your lover your lover  
One time or another baby  
I'm gonna be your lover
