Everybody loves you and they want to know your story  
You go riding out a mystery, concealed in all your glory  
But when it comes to flesh and bones, you remind me  
of shallot  
Only made of shadows even though you're not

I remember how I spent all my energy and time  
With affected conversation I was trying to pry inside  
your mind  
You are as beautiful as truth and as empty as a shell  
But I came to you one night and it made me feel like  
hell

Oh, to reach through all your surface just to find an  
empty pool  
And to suffer all your pride as I lay down by your side  
And you swallowed up my heart and left me a fool  
Left me a fool

Everybody loves a hero, an image to create  
Antithesis of everything, inside ourselves we hate  
But you'd better close your eyes when it's time for them  
to die

Because you'd hate to think the life you'd built upon  
them was a lie

Oh, to reach through all your surface just to find an  
empty pool  
And to suffer all your pride as I lay down by your side  
And you swallowed up my heart and left me a fool  
Left me a fool

I resign myself to silence, I will never blow your cover  
No one ever has to know who the hero took for lover  
But it comes to mind as you blaze on as brilliant as a  
star  
How many you've left behind?  
How many casualties there are?

Oh, to reach through all your surface just to find an  
empty pool

And to suffer all your pride as I lay down by your side  
And you swallowed up my heart and left me a fool  
Left me a fool
