hey i thought you'd know
that a kiss under the mistletoe
and a walk out through the snow

angel can't you see,
stars, like lights through the trees
are beckoning us to go

everyone has gone to sleep
(please baby, please)
please be with me
please baby, please
please baby, please
just let this love be

oh mr. bear's tucked in tight
somewhere wouldn't it be
sweet to sleep for a while

and to see this as a reason
to bow to the seasons
and just give em time

everyone has gone to sleep
(please baby, please)
please be with me
please baby, please
please baby, please

just for now
just for love
while the yule fire burns on
just let this love be

please baby, please
(wouldn't it be sweet to sleep for a while)
please baby, please
(wouldn't it be sweet to sleep for a while)
please baby, please
(wouldn't it be sweet to sleep for a while)

i thought you'd know

that a kiss under the mistletoe..
