Well I guess that I was lonely
That's why I called you on the phone
'Cause in a moment of forgiveness
I didn't want to be alone

And I guess that I was willin'
More than I ever was before
'Cause in a moment of forgiveness
I come a knockin' at your door

Baby I woke up crying last night
Just to realize that you were gone
Has it been two long years without you
Tell me now when are you gonna come home?

Guess that I was hoping
That you'd finally understand
And in a moment of forgiveness
You'd reach out and take my hand

Now baby I know
You're not one for bearing witness
(Baby I know)
And you told me that
One wrong move is going to sell you out
(One wrong move)

And I see that you kept your word
(See that you kept your word)
And made it harder than it had to be
Wish I could save you the trouble baby
(Oh oh oh)
Give you a little peace of mind

Baby I woke up crying last night
Just to realize that you were gone
It's been two long years without you
When are you gonna come home?

Guess that I was hoping
That you'd finally understand
And in a moment of forgiveness

You'd reach out and take my hand

And in a moment of forgiveness
You'd reach out and take my hand
