I am a problem child  
I've been wild all my days  
All my anger and my rage  
My senses said it would lead me astray  
I said go go go

Raise your hands  
Raise your hands high  
Don't take a seat  
Don't stand aside this time  
Don't assume anything  
But go go go

Five generations running fast  
These things will not pass  
This debtor's blood runs in my veins  
I can't change anything  
I said no no no

Raise your hands  
Raise your hands high  
Don't take a seat  
Don't stand aside this time  
Don't assume anything

But go go go

So you've learned to cry  
But you don't know why  
So you've learned to laugh  
What are we laughing at

So I am a problem child  
I've been wild all my days  
All my anger and my rage  
My senses said it would lead me astray  
And I said go go go  
Go go

Raise your hands  
Raise your hands high  
Don't take a seat

Don't stand aside this time  
Don't assume anything this time  
Don't assume anything  
I said go go go
