Thought I knew my mind like the back of my hand  
The gold and the rainbow, nothing panned out as I  
planned  
They say only milk and honey's gonna make your soul  
satisfied  
Well I better learn how to swim 'cause the crossing is  
chilly and wide

Twisted guardrails on the highway, broken glass on the  
cement  
A ghost of someone's tragedy, how recklessly my time  
has been spent  
They say that it's never too late but you don't, you don't  
get any younger  
Well I better learn how to starve the emptiness and  
feed the hunger

Up on the watershed standing at the fork in the road  
You can stand there and agonize till your agony's your  
heaviest load  
You'll never fly as the crow flies, get used to a country  
mile  
When you're learning to face the path at your pace  
Every choice is worth your while

And there's always retrospect to light a clearer path  
Every five years or so I look back on my life and I have  
a good laugh  
You start at the top, go full circle round, catch a  
breeze, take a spill  
But ending up where I started again makes me wanna  
stand still

Up on the watershed standing at the fork in the road  
You can stand there and agonize till your agony's your  
heaviest load  
You'll never fly as the crow flies, get used to a country  
mile  
When you're learning to face the path at your pace  
Every choice is worth your while

Stepping on a crack

Breaking up and looking back  
'Til every tree limb overhead just seems to sit and wait  
'Til every step you take becomes a twist of fate

Up on the watershed standing at the fork in the road  
You can stand there and agonize till your agony's your  
heaviest load  
You'll never fly as the crow flies, get used to a country  
mile  
When you're learning to face the path at your pace  
Every choice is worth your while

Up on the watershed standing at the fork in the road  
You can stand there and agonize till your agony's your  
heaviest load  
You'll never fly as the crow flies, get used to a country  
mile  
When you're learning to face the path at your pace  
Every choice is worth your while  
And when you're learning to face the path at your pace  
Every choice is worth your while
