Out in the back by the grape stake fence  
Is a place where nature makes so much sense  
All the creatures livin' in harmony  
It's a wild wild party in the loquat tree

Fuzzies and furries run walk or fly  
Havin' a feast beneath a clear blue sky  
Animals comin' from miles around  
To bounce the branch and shake the loquat down

The squirrel and the sparrow and the mouse and the  
bee  
All havin' a party in the loquat tree  
Eatin' all the yellow fruit they can see  
It's a wild wild party in the loquat tree

Peckin' at 'em pickin' at 'em hidin' 'em away  
Savin' 'em up for a rainy day  
No matter how big no matter how small  
There's more than enough there's plenty for all

The squirrel and the sparrow and the mouse and the  
bee  
All havin' a party in the loquat tree  
Eatin' all the yellow fruit they can see  
It's a wild wild party in the loquat tree

Chatter chirp squeak buzz  
Chatter chirp squeak buzz  
Chatter chirp squeak buzz  
Chatter chirp squeak buzz

Every little loquat holds the seed  
For a brand-new baby loquat tree  
One o' these seeds may find it's way  
To a place in the sun and then someday

The squirrel and the sparrow and the mouse and the  
bee  
All havin' a party in the loquat tree  
Eatin' all the yellow fruit they can see  
It's a wild wild party in the loquat tree

The squirrel and the sparrow and the mouse and the  
bee  
All havin' a party in the loquat tree  
Eatin' all the yellow fruit they can see  
(eatin' all the yellow fruit)  
It's a wild wild party in the loquat tree  
(eatin' all the yellow fruit)

The squirrel and the sparrow and the mouse and the  
bee  
(eatin' all the yellow fruit)  
[havin' a party]  
All havin' a party in the loquat tree  
(eatin' all the yellow fruit)  
[in the loquat tree]  
Eatin' all the yellow fruit they can see  
(eatin' all the yellow fruit)  
[havin' a party]  
It's a wild wild party in the loquat tree  
(eatin' all the yellow fruit)  
[in the loquat tree]

Chatter chirp squeak buzz  
It's a wild wild party in the loquat tree  
Chatter chirp squeak buzz  
It's a wild wild party in the loquat tree
