You and me of the 10,000 wars
Dividing life into factions of pleasures and chores
A bed to be made and a bed to lie in
A hand in the darker side and our sights set on Zion

The heart of a skeptic and the mind of a child
Put my life in a box and let my imagination run wild
Pour the cement for my feet
The heart and the mind on a parallel course
Never the two shall meet

The dissatisfied with the satisfied
Everybody loves a melodrama
And the scandal of a lie

Still you held your arms open for the prodigal daughter
I see your eyes in my eyes through your eyes still water
Try making one and one make one make
Twist the shapes until everything comes undone
Watch the wizard behind the curtain
The larger than life and the power of seeming certain

The evil ego and the vice of pride
Is there ever anything else that makes
Us take our different sides?
I wanted everything to feed me

About as full as I got was of myself
And the upper echalons of mediocrity

The dissatisfied with the satisfied
Everybody loves a melodrama
And the scandal of a lie

Still you held your arms open for the prodigal daughter
I see my eyes in your eyes through my eyes
Still water, still water, still water, still water

After the battles and we're still around
Everything once up in the air has settled down
Sweep the ashes let the silence find us
A moment of peace is worth every war behind us

You and me of the 10,000 wars
