Seems like all the world is burning down  
Officer America - The Crown  
Street is all around  
One two - You know it's true  
I'm on fire and so are you  
Crack squad on the way  
Multiplying every day  
Supply USA  
Crack squad on the way  
We give props to the CIA

We don't go away  
We're the product of a country in decay  
Good cop - bad cop - it's all the same to me  
In the end they all wanna see ID  
Cops on crack - you'll see  
One two - you know it's true:  
It's all a front and so are you
