Take me high
Take me higher
Never let me down, let me down
Take me high
Take me higher
Never let me down, let me down
Take me high... Take me high...

You're the one that can make me cry
You give me such a natural high
Never did I feel like this
You're the one that can.....
Take me out down
Make me queen, we're just clown
In your hands I put my fate

Take me to a higher state

Never stop to give me love
Never too much will never be enough
Emotion is just a sweet devotion
..... on me, like a

You spin my life round and round
You're the greatest thing I found
Come on boy make me fly
Never stop to make me high
