My love is gone
Tell me how
You're gonna listen up, my love is gone

Gone, gone, gone
You're gonna listen up, my love is gone
Give me your hand, my darling. I'm lonely in the night
For the very first time in my life
I'm walking in the dark
Show me now, show me how to get into your mind
Show me how, show me now, I'm never gonna stop
Show me how, show me now the highway to your mind
Show me now, show me how the feelings never die

Let the emotion go

Tell me how to win your love
Tell me how to touch your body
Tell me how to win your love
I'm trying, I'm trying, I'm trying. (Let it go)
Tell me how to win your love
Tell me how to be your lover
Tell me how to win your love
I'm trying, I'm trying, I'm trying
My love, my love is gone
My love, my love is gone

Tell me how

Deep in your eyes, my baby, I'm searching for the light
For the first time and last time in my life
I'm lying without a doubt
Show me how, show me now the highway to your heart
Show me how, show me now, I'm never gonna stop
Show me now, show me how to get into your soul
Show me how, show me now, can you hear my call

Let the emotion go

Go, talking about your love
To the beat, to the sound let's go
Now come on, you better take the chance

To the rhythm of the beat let's dance
Go, go, let it go.
Baby feel it, your emotion go
Go, go let it go.
Lady, listen up: my love is gone
(Gone, gone, gone, gone...)
Talking 'bout love, love

Tell me how.
Let your feeling go
