Sors de tes habitudes
C'est l'amour tout ca
Laisse toi tomber dans la tentation

Watching and waiting
Looking for a positive kind of sign
Together forever
I can't wait until that you are mine

Temptation imagine what it can do
Temptation magic that has cast a spell on you

Touching and pleasing
All these things we'll have in time
Fire desire
I can't wait until that you are mine

And I can clarify this I won't let the day pass
Nor deny you with love and attention so full
Of the right temptation
Starting with a new direction
'Cause you make me blush sigh cry and sweat
Undeniably how can you forget
That I'm so so so yeah
I'm so so delicious

Full of emotion devotion
Making the move sets us into the groove
Time on our side nothing to hide
I want your touch no turning back temptation
