Sors de tes habitudes
C'est le moment pour ?a
Laisse toi tomber dans la tentation

Watching and waiting
Looking for a positive kind of sign
Together forever
I can't wait until that you are mine

Temptation, imagine what it can do
Temptation, magic that has cast a spell on you

Touching and pleasing
All these things we'll have in time
Fire desire
I can't wait until that you are mine

Temptation, imagine what it can do
Temptation, magic that has cast a spell on you

And I can clarify this I won't let the day miss
Nor deny you with love and attention
So full of the right temptation
Starting with a new direction
'Cause you make me blush sight cry and sweat
Undeniably how can you forget
That I'm so so so yeah, I'm so so delicious

Full of emotion, devotion
Making the move sets us into the groove
Time on our side, nothing to hide
I want your touch no turning back temptation

Temptation, imagine what it can do
Temptation, magic that has cast a spell on you

Temptation, imagine what it can do
Temptation, magic that has cast a spell on you, do

Temptation, do, do

C'est le moment pour ?a, do

Temptation, imagine what it can do (c'est le moment pour ?a)

Temptation, magic that has cast a spell on you, do

Temptation (sors de tes habitudes), imagine what it can do

Temptation, magic that has cast a spell on you...
