

Indwelling "Decay"

Visit "[Decay](#)" on MotoLyrics.com

Death of the spirit
Enabling the flesh to swallow the mind
They're submitting to their sins
Bodies full of darkness and eyes that fail the light
The decay of the spirit inside
Life left living in deception
A sickening life they're living
It's inflicting their minds

A sickening life they're living
Because they're dead inside
Like the beasts that perish
Destined for the grave
Death will feed on them
In their tombs they will remain
So lead Christ unto them
And she'd their calluses
