"Through My Weakness"

Oh my Father
I come in Your name and with tears
I ask for You to
Expose all my faults, rid me of myself
And my needs to fulfill my flesh
Break me and my concieted heart
Let light shine out of the darkness
And have glory through my weakness
Appear in the death of my sin
Let Your fire burn the evil that eats my mind

Kill my darkness
I will fail at everything by myself
I will fail in Your eyes and my own
Without Your hand to guide me on my path
For without You Lord I will fall astray
I need You Lord, Your Spirit, Your strength
For when I am weak, then I am strong.
