the light was empty my hands were still when i heard
the news i already knew you already told me waves
good bye i'm not saying the end it's going around you
Mandy you are with me now Mandy never far from me
desperate raiding the cupboards mixing gin and vodka
i honestly believe you kept me away from harm i was
seeking see you made me safely i'm at ease i know you
are running sweetness i miss you i miss you and once
upon a time a 10 year old girl Mandy you picked me
good bye i'll see you when i see see you when i see you
again i'll see you when i see you again
