the light was empty my hands were still when i heard  
the news i already knew you already told me waves  
good bye i'm not saying the end it's going around you  
Mandy you are with me now Mandy never far from me  
desperate raiding the cupboards mixing gin and vodka  
i honestly believe you kept me away from harm i was  
seeking see you made me safely i'm at ease i know you  
are running sweetness i miss you i miss you and once  
upon a time a 10 year old girl Mandy you picked me  
good bye i'll see you when i see see you when i see you  
again i'll see you when i see you again
