It sit near a screen  
In a world wound web  
As a unconsciousness slave  
With an animal inside

He thought he would  
But his mind - was weak  
The World guides him -  
And become the virtual

For moral ugly - jester dance life  
For ruling kings - newone slave invite

Said it is generation  
For our life beneath  
But it's deeper, keep and lie  
In cybernetic mind inside

She needs for true information  
He's giving everything  
It gives him phase due  
Oh, in animal status
