tonight the sky is clear and the moon is high
my girls are fearless and so am I
blood is pumping just give in
it is a late night sin
you'll get some more
if you don't ask why

please forget your worries, my kisses
should get you on the floor
check out my girlfriends they're here
'cause you're all that they adore
don't be shy you have to try
to give us all a high
there is ten of us to satisfy

you're right on the spot boy
and it's getting hot
so why don't you choose me,
I like it rough
you're hard as a rock boy
I know what you've got
now get up and do me
until I drop

tomorrow's far away
no need to break this chain
you're just a stranger without a name
I'll give you my guarantee
your secret stays with me
my girls are waiting to be set free

please blow out the candle my kisses
will lead you like the light
you'll go from one to the other
we'll guide you through the night
don't be shy you have to try
to give us all a high
there is ten of us to satisfy

you're right on the spot boy..

we've got no rules boy
don't be ashamed
some call us reckless
I ain't taking the blame
follow your instincts
you've got them inside
let out your beast
and we'll be satisfied

you're right on the spot boy€
