Crawl out my eyes and I
Feeling the sound and I
Get my feet, get my wrists
off the ground and I
Needed to say nothing
No more to give to ya
no more to tell ya
You curl up the blood in me

I want them all an I
I want them all an I
I want them all an I
To send the sea back out
Get off the sidelines
Just put ya feet forward
Get in my eye line and
sprawl out ya chains

You got a love like semtex
Bring it to me
Bring it to me
Bring it to me
You got a love like semtex
Bring it to me
Bring it to me
Where I can see

Get in between all the
good and the wrong ways

You make the floor move
in all of my hallways
We got it sweet now,
ain't nothing calling
I'm at your feet now but girl
I'm still falling at ya

I want them all an I
I want them all an I
I want them all an I
To send the sea back out
Bring all your heat now

And make my skin burn
Ya make my fingers
turn 3000 degrees

(Repeat chorus)

Get off the hand rail
Step onto my train
I think this calling has
been falling for an age now
Don't ever see why we
have to live lies
We ain't so sick, we're just
part of the list

(Repeat chorus)

Now!
