Some people say that they're
free in the city
With their liberty
But I don't go for that
No, I don't go for that
Some people say they're right
working for life
On a click-in line
But I don't go for that
No, I don't go for that

Murder that sound
And kill the silence
Murder that sound
Murder that sound
(x2)

I'm living for reasons
why in the city
Behind a secret sky
And you can't hold me back
And you can't hold me back
I know that I am free
And I'm complete
Listening below
The surface of the city streets
And you won't hold me back

Murder that sound
And kill the silence
Murder that sound
Murder that sound
(x2)

I've found a way
to make you free
I've found a way
to make you free
I've found a way
to make you free
Kill that sound

Murder that sound
And kill the silence
Murder that sound
Murder that sound
(x2)

Kill that sound
Murder!
