#### Verse 1

Just yesterday the memory came to me  
Of the day I finally told you  
Our love wasn't meant to be  
The day I let you down

I wanted to feel the wind fill my sails  
But I saw you as a harbor  
As a anchor in the gales  
That's not the way I see you now

#### Chorus

Time makes us wise  
Time makes us fools  
I never looked in your eyes  
I look past them somehow

I wish that I had seen you then  
The I see you now

( break )

#### Verse 2

You had a power in those gentle hands  
A quiet peace about you  
My heart couldn't understand  
Like snow upon the ground

You saw so much invisible to me  
The woman in you waited  
For the man I was to be  
That's the way I see you now

I finally see you now

#### Chorus

Time makes us wise  
Time makes us fools  
I never looked in your eyes  
I look past them somehow

I wish that I had seen you then

The I see you now

That's the way I see you now  
I finally see you now
