Lately mother earth has been feeling unsatisfied
A taste plain from the rain the sweet lady started to cry
Fires crackle and blaze in the rays of a burning heart
And I don't think it's smart to
Lay and wait for the day that she dies in our arms

We gotta do something
We gotta do something
Before mother earth gets anymore hurt
We gotta do something

You might have read there's a lotta bad stuff in the
world today
It's been said it's getting rough to find a place where
the children play
So, Mr. Prime Minister and Mr. President you better see
that it's
Not only me, no, our mob is rising in size
And they've been dying to scream out to you

You gotta do something
We gotta do something
Sometimes I sit in my room and I don't know what to do
But we've gotta do something

It's time to do something
Someone should do something
We gotta do something
And that someone is you
And you, and you, and you

I pray it ain't all lost and gone
I pray we might learn right from wrong
And I pray this broken day, will not last too long
I pray that you believe my song, darlin'

You know I'm sorry if this is hard for you to take
But a lot of it just needs saying
And I don't see anyone else out there
Giving out this message

And if I don't do this, who's gonna do it?
And maybe, if someone hears these words
Maybe the whole world gets 'round and listens
To what I'm sayin', and maybe we have a chance

Because I don't wanna see another child crying
I don't wanna see another dog, dyin' in the streets
I can't see another homeless man
Because it doesn't seem right to me

He's got a home, and he's not got a home
What's the point in that
Why can't we all just get together, in one big home
And if I was in Government
Then I'd Government things much more differentlier

Because it ain't the best way to government things
So there's poor people everywhere
You know I would just be sittin' alone
Thinkin' "How can I do something?"
'Cos I ain't gonna be in chains no-more

You lot might have been conned, but I ain't been
conned
'Cos I'm a free man, I'm free, and I'm gonna let my soul
soar
And the way I do that is through my music
So why don't you, do something?
