know you're not asleep  
I can feel you moving over there  
You've been playing with the seam  
In your worn out underwear

My lips are raw as hell  
From biting on them just to stay awake  
It's not like I'm gonna need them  
You won't be around  
To see them bleed and break

CHORUS:

All...all that I do  
Comes back to you  
So I'll just think about you til there's nothing new in my  
head  
All...all I can do  
Is try not to screw this up again  
And just be friends  
I'd rather be dead

I drove out of East Atlanta  
With a headache the size of my car  
I called to say that I was okay  
Cuz i know how you are

I'm like a movie without an ending  
You know I've got nowhere to go  
And it makes me wanna throw up  
To see you wanna give up  
More than you'll ever know

CHORUS

Everything's supposed to have a happy ending  
But the record keeps spinning and the needle keeps  
bending  
Like the road I'm driving to the bridge that has no end  
I wanna take back everything that I've broken  
But the bridges behind me are burning and smoking  
I guess this is the end
