"Every Single Body Else"

Visit "[Every Single Body Else](#)" on MotoLyrics.com

I find you digging through the garbage like a homeless
man
Like a Little Orphan Annie with a bud lite tan
One for the hangover
And two for when the morning comes

And we can watch another sunrise, holding hands
Like two kids we can sleep in the back of the van
Til the sun comes up again
Til the sun comes up again

(Take it easy on yourself) We were never meant to be
like this
(Take it easy on yourself) And we were never meant to
be like this
(Take it easy on yourself) We were never meant to be
like every single
body else

She's got eyes like a doll and a crocodile mouth
'Fore you ever say a word she thinks she knows what's
coming out
Oh the things that I could show her
Oh the things I love to show her

(Take a solo for yourself)

'Cause Today we're alive
But tomorrow, we could die
But I live knowing that I love
And I'll die knowing that I've loved

(Take it easy on yourself) We were never meant to be
like this
(Take it easy on yourself) And we were never meant to
be like this
(Take it easy on yourself) We were never meant to be
like every single
body else

(Take it easy on yourself) We were never meant to be

like this
(Take it easy on yourself) And we were never meant to
be like this
(Take it easy on yourself) And we were never meant to
be like every
single body else

Take it easy on yourself (Take it easy on yourself)
Take it easy on yourself (Take it easy on yourself)
Take it easy on yourself
