I sat up front 'cause you wanted the back.  
I touched your leg through the vinyl seat crack.  
Of my best friends' Camaro  
Hoping this trip never ends.

You said to call and I watched as you left.  
I told my friend not to pull off just yet  
So I could watch every inch of you walking away.

And I just want to want you again.  
And I just want you to want this again.

I can't turn my drunken words into song  
I spit at the keys and it turns out all wrong.  
Are you reading to short version or reading the long?  
I don't know.

And I sat by a couple tonight over drinks.  
I listened just long enough to reflect and think  
About what it's like to get love  
What it's like to show.

And I just want to want you again.  
And I just want you to want this again.
