Ahhh... ohhh
Well hello is this thing on
Is anybody listening
A brand new day has begun

The first thing that I want do
Make sure that you feel it too
So I'm not the only one

Cmon lift me up (its a brand new day)
Open up a lil happiness today
So I can be someone new
Cmon and lift me up (to a better way)
Open up a smile on another face
So I can (feel something new)

Open up some happiness
Open up some happiness
Open up some happiness

Ahem*Ahem* let me clear my throat
So you can hear clearly every word spoke
Today I woke feeling lovely
Happiness overflowin knowin somebody loves me
Just think yesterday I was down and out
Now there's not a single thing for me to frown about
And the same thing can happen to you
Smiling so hard my mouth look like a capital U

I want the sun to shine
All the time
Is that too much to ask
Oh, I want to have some fun
I want all my friends to come
Cause it's now or never
Learn the words and sing together

Cmon lift me up (its a brand new day)
Open up a lil happiness today
So I can be someone new
Cmon and lift me up (to a better way)
Open up a smile on another face

So I can (feel something new)

Open up some happiness
Open up some happiness
Open up some happiness

Your heart deserves your trust
A choice made for all of us
The sun will come back tomorrow
There's a message in a bottle
So come on I'll meet you there
There's enough sunshine to share
As long as you know
The bridge between us is a rainbow

Cmon lift me up (its a brand new day)
Open up a lil happiness today
So I can be someone new
Cmon and lift me up (to a better way)
Open up a smile on another face
So I can (feel something new)

Open up some happiness
Open up some happiness
Open up some happiness
