"Sweethearts"

Visit "[Sweethearts](#)" on MotoLyrics.com

What if we became sweethearts? (sweethearts)
After we got back to America (ooh)
We could start over with a clean start
Nobody'd have to take care of us

So I'd get a bad job maybe make a little money
Move out to the ocean where the weather's kinda sunny
Slow it down baby, start taking it day to day

What you say baby?

What if we became lovers? (lovers)
After we got back to America (ooh)
Make out on the lawn in the summers (summers)
Wave even at the neighbors who will stare at us

So without saying much you know you really say
something
Hold me to your chest I can feel your heart jumping
Take it easy mama we can go about it casually

Now listen

I'd get a bad job maybe make a little money
Move out to the ocean where the weather's kinda sunny
Slow it down baby start it taking it day to day
Oh oh oh oh

Without saying much you know you're really saying
something
Hold me to your chest 'cause I can feel your heart
jumping
You and me mama, sweethearts finally
Oh oh oh oh oh
Yeah
(ooh)
Oooh
Yeah yeah yeah....
