"An Obsolete Design"

Worn Out, Consumed, Exploited and used

Your purpose has been filled

Degraded, abused, patronized and done

You're no longer of any use to us

Now you're out of date

Completely obsolete

All this time expendable

Worthless, now disposable

No longer of any use

Indignity

No longer of any worth

Humiliation

Now you're out of date

Completely obsolete

All this time expendable

Worthless, now disposable
