

## Infected "Dreams"

Visit "[Dreams](#)" on [MotoLyrics.com](http://MotoLyrics.com)

In my dreams I can fly far away  
From the fucking reality of life  
It's the fool of my own faith  
I believe in gun and knife  
I walk around the cemetery  
Looking for a victim of my obsession  
And cold lustre in my brutal eyes  
At once betrays my maniacal passion

Your fire  
Burns me but I'm not even dying  
I justify  
Your screams and now I feel like flying

Now, at last, I see young lonely girl  
She looks really great, I think  
Long legs, big eyes are very green  
And she has too sexy tits  
Bit of ass and all her body quick  
Done their job and now I'm excited  
I am looking to feel her tender skin  
My old friend Dick is erected

Your impotence to please to me  
You feel inside my obstinate dick  
Now we're laying in dirty tomb  
And I defile your virginal womb

Your cunt becomes so big hole  
And I see - you're a real whore  
I don't know what I hear  
Your screams of enjoyment or  
Shouts of fear

You lying under me  
So tempting and sinful  
You want much more pleasures  
But you can't be satisfied  
Cause you dirty whore  
And you tell me  
That you tell me  
That you've never infected

And laughing

OH GOD!!!

Week later dick swelled up, my jesus

And now I three venereal diseases

I awake at the morning in sweat

That's all - just nightmare, but I'm wet
