In my dreams I can fly far away
From the fucking reality of life
It's the fool of my own faith
I believe in gun and knife
I walk around the cemetery
Looking for a victim of my obsession
And cold lustre in my brutal eyes
At once betrays my maniacal passion
[CHORUS:]
Your fire
Burns me but I'm not even dying
I justify
Your screams and now I feel like flying
Now, at last, I see young lonely girl
She looks really great, I think
Long legs, big eyes are very green
And she has too sexy tits
Bitcy ass and all her body quick
Done their job and now I'm excited
I am looking to feel her tender skin
My old friend Dick is erected
[CHORUS]
Your impotence is pleasant to me
You feel inside my obstinate dick
Now we're laying in dirty tomb
And I defile your virginal womb
Your cunt becomes so big hole
And I see - you're a real whore
I don't know what I hear
Your screams of enjoyment or
Shouts of fear
You lying under my
So tempting and sinful
You want much more pleasures
But you can't be satisfied
Cause you dirty whore
And you tell me
That you tell me
That you've become infected
And laughing
OH GOD !!!
Week later dick swelled up, my Jesus

And now I three venereal diseases
I awake at the morning in sweat
That's all - just nightmare, but I'm wet
