Lunacy
Sign of death
In your thoughts and dirty eyes
Losing mind
Bloody arms
Your fucking tired veins are incised
Deadly pain
Atrophy
Soon you will suffocate
Cracked brain
Feel like dead
Your reason in mutilation
Alien I lives inside your fuckin' mind
Controlling your life and all what you do
This commander hates all mankind
And now this bastard ordering to you
Tear your flesh
Take in hand
Your beating heart from your chest
Drink all the blood
From the veins
And you will feel loathsome taste
Take a knife
Let loose hate
And rip out your burning eyes
Obliteration
Fucking damnation
You commit this suicide sacrifice
There's the beast inside your morbid brain
Commanding to destroy yourself
You feel this fuckin' terrible pain
But you can't break invisible cell
Hey! You fuckin' fool!
Look at your stupid face
Now you passed this rules
You're jackass in that case
Searching problems for this stupid head
This dum dum wants a lot to be dead
He does not have all this buttons
I don't give a damn for these bastards
I don't give a damn for suckers
With their problems and their life

God damn these fuckin' motherfuckers
They may cut their neck with knife
